SF 224 – Duplicate Driver's License Fee (LSB 2056SV)

Analyst: David Heuton (Phone: (515) 725-0509) (david.heuton@legis.iowa.gov)

Fiscal Note Version – New

Description

Senate File 224 increases the fee for a replacement driver's license or nonoperator's identification card to \$10.00. The current statutory fee for a nonvoluntary replacement driver's license or nonoperator's identification card (lost or destroyed) is \$3.00. The current fee for a voluntary replacement driver's license or nonoperator's identification card is \$1.00. The increase to \$10.00 will allow the Department of Transportation (DOT) to recoup the cost of producing the replacement cards plus prevent the need for another fee increase in the immediate future.

Assumptions

- Current revenues collected (based on FY 2011 data):
 - Number of involuntary replacement cards: 84,117 x \$3.00 = \$252,000
 - Number of voluntary replacement cards: 197,557 x \$1.00 = \$198,000
 - Total replacement card fees collected in FY 2011 = \$450,000
- Projected revenue generated after the fee increase:
 - Total replacement cards (84,117 + 197,557) x \$10.00 = \$2.8 million
- Production costs will equal \$2.6 million.

Fiscal Impact

This Bill will result in a net revenue increase to the Road Use Tax Fund of approximately \$2.3 million annually. Revenue generated in excess of production costs will be approximately \$200,000.

SF 300 – Endow Iowa Tax Credits (LSB 1506SV)

Analyst: Jeff Robinson (Phone: (515) 281-4614) (jeff.robinson@legis.iowa.gov)

Fiscal Note Version – New

Description

Senate File 300 increases the cap on the annual amount of Endow Iowa Tax Credit (Iowa Code section **15E.305**) awards that may be approved for a calendar year from the present level of \$4.5 million to a level of \$6.5 million. This change is effective retroactive to calendar year 2012. This Bill strikes a reference to an allocation of Gambling Tax receipts to the Endow Iowa Tax Credit.

Background

The Endow Iowa Tax Credit is currently financed through a \$3.5 million annual maximum appropriation from the State General Fund, plus an allocation of Gambling Tax receipts equal to approximately \$1.0 million per year. Combining the General Fund appropriation and Gambling Tax receipts allocations, the current annual level of funding for the credit is \$4.5 million per year. The Endow Iowa Tax Credit is not refundable, but any excess credit may be carried forward and used for up five additional tax years.

Fiscal Impact

Increasing the maximum Endow Iowa Tax Credit awards that may be approved in a calendar year from the current level of \$4.5 million to \$6.5 million will reduce net General Fund revenue by the following estimated amounts:

- FY 2013 = \$0.9 million
- FY 2014 = \$1.7 million
- FY 2015 = \$2.0 million

In future fiscal years, the impact will be similar to FY 2015.

Since the Endow Iowa Tax Credit is a nonrefundable credit, it impacts the calculation of the local option income surtax for schools. Statewide, this surtax is equal to an average of 2.7% of State income tax collections. The increase in the Credit is projected to reduce the revenue generated by the surtax by approximately \$50,000 per tax year (statewide for all school districts).

Analyst: Shawn Snyder (Phone: (515) 281-7799) (shawn.snyder@legis.iowa.gov)
Fiscal Note Version – New

Description

Senate File 319 repeals the sunset provision of the Early Intervention/Class Size Reduction Program.

Background

The Program received a one-year extension in **HF 2465 (FY 2013 Standing Appropriations Act)** to July 1, 2013. Funding for the Program is generated through the school aid formula and will continue to be generated for FY 2014, regardless of the sunset provision set for July 1, 2013.

Assumptions

Currently, no allowable growth rate has been established for FY 2014 and a 0.0% allowable growth rate is assumed for this fiscal note. Additionally, this estimate assumes that current law provisions apply.

Fiscal Impact

There is no impact to the General Fund from this provision. The school aid formula will generate approximately \$30.6 million for the Program, regardless if the Program sunsets. However, the repeal of the sunset provision will provide school districts the authorization to use those funds that are designated for the requirements of the Program.

SF 339 – School Vehicle Transportation Safety (LSB 1029SV)
Analyst: John Parker (Phone: (515) 725-2249) (john.parker@legis.iowa.gov)
Fiscal Note Version – New

Description

Senate File 339 makes changes to inspections for vehicles used to transport students.

Background

Currently, only school buses are required to be inspected by the Department of Education. This Bill expands the requirement for inspections to include all vehicles used to transport children. All vehicles, including buses, that do not pass an inspection, are subject to a subsequent inspection within 30 days. If a vehicle does not pass a subsequent inspection, it is removed from service until the vehicle passes inspection. Additionally, the Bill specifies that the State Board of Education will adopt rules for the inspections of all vehicles and the rules must allow for inspections to be conducted by qualified private automobile mechanics or the Department of Education.

Assumptions

- The Department of Education estimates 1,200 additional vehicles will be inspected twice each year.
- Based on historical data, approximately 480 (40.0%) of the additional vehicles inspected will be found to be deficient and be subject to a subsequent inspection twice each year.
- Based on the last full inspection year, 5,806 vehicles will be deficient and require a subsequent inspection.
- The Department's inspection fee will be \$40 beginning in FY 2014. The cost of private automobile mechanic fees is assumed to be similar to the Department's fees.

Fiscal Impact

There is no fiscal impact to the State General Fund.

Beginning in FY 2014, the estimated statewide total cost to local school districts is estimated to be \$366,640. The average cost per school district is estimated to be \$1,054.
